RE: GCG Fee Increase

Notes:

Over the past few years the Gymnastics Canada (GCG) Board Directors in conjunction with the PSO's have extensively reviewed and discussed the current GCG fee structure and plans for improving membership services.

As a result of review Gymnastics Canada launched a new strategy designed to build on the success of the last four Olympics Games and to solidify its identity as one of three foundation sports fundamental for participation in all other sports.

As the National membership continues to grow (currently 250,000 registered participants), the new plan for Gymnastics in Canada identifies four key strategic objectives:

- Grow gymnastics from the foundation up and continue to improve international results;
- Enhance athlete and coach support nationally through improved revenues and program spending;
- Improve efficiency and productivity at every level of management and operations;
- Improve services and communication with all members and stakeholders;

To further build their sport identity and Olympic success, GCG requires a strong organization at all levels, supported by adequate financial resources. A component of this is a National membership fee structure increase and that will provide sustainable financial resources. The additional collective investment will allow Gymnastics Canada to lead, in collaboration with the Provinces and clubs, the future development and growth of Gymnastics in Canada and continue to improve international excellence. A consensus was reached on the following National membership fee structure:

Individual fee per registered participants (gymnast, coach, judge, supporter/volunteer):

- **2014-2015 \$6 per registered participant**

This fee increase will go into effect July 1, 2014 and will be reflected as an 'in and out' on the AGF registration form.

Please contact the AGF office should you possess any additional questions.

Sincerely,

Dean Giesbrecht
