Over the past few months the AGF Board Directors in conjunction with the AGF staff have extensively reviewed and discussed the current AGF fee structure. In order to maintain AGF's current level of service the AGF Board of Directors have unanimously agreed an increase in membership fees is warranted. This increase will allow AGF to continue to offer a high level of service and provide additional programs over the next few years.

The Board adhered to cross-programming standards, continued to drive equity and accountability, and maintained a commitment to our core vision and strategic goals; all of which will contribute to a close as possible balanced budget.

The decision-making process regarding the fee adjustments was taken very seriously. The increases were consistently measured against our desire to maintain growth, stay true to our strategic plan and guarantee the success of all AGF members. The Board was unanimous in agreeing that the necessary revisions have been made and are confident that the changes will ensure AGF remains a premier gymnastics organization.

Please do not hesitate to contact me if you have any questions.

Kind Regards,

Katie Biberdorf
Chairperson, Alberta Gymnastics Federation
